## **Forgotten Years**

## **Midnight Oil**

Few of the sins of the father

Are visited upon the son

Hearts have been hard

Hands have been clenched into fists too longOur sons need never be soldiers
Our daughters will never need guns

These are the years between

These are the years that were hard fought and wonNow, contracts torn at the edges

Old signatures stained with tears

Seasons of war and grace

These should not be forgotten yearsStill it aches like tetanus

It reeks of politics

How many dreams remain?

This is a feeling too strong to containThe hardest years is the darkest years

Is the roarin' years, the fallen years

These should not be forgotten yearsThe hardest years, the wildest years

The desperate and divided years

We will remember

(These should not be forgotten years)Our shoreline was never invaded

Our country was never in flames

This is the calm we breathe

This is a feeling too strong to containStill it aches like tetanus

It reeks of politics

Signatures stained with tears

Who can remember? We've got to rememberThe hardest years, the darkest years

The roarin' years, the fallen years

These should not be forgotten years The hardest years, the wildest years

The desperate and divided years

We will remember

(These should not be forgotten years)I said it's the hardest years, the darkest years

The roarin' years, the fallen years

These should not be forgotten years The hardest years, the wildest years

The desperate and divided years

We will remember

(These should not be forgotten years)Forsaking, aching, breaking years

The time and tested heartbreak years

Who needs your mother sing to you now The blinded years, the binded years

The desperate and divided years

These should not be forgotten years

(These should not be forgotten years)

Remember Oh, we will try
