

# 10 Signs You Should Leave

## Emmure

You know it's all a game  
That we play back and forth  
I leave you chase  
And we're back to square one We were not mean to be  
And I tried my best to work it through  
I asked my friends, "What should I do?"  
Their only advice was leaving you But I'm glad I did  
Or at least that's what I tell myself  
I swear to god I never would of known  
Your face or your name If everyday is a constant reminder  
You're a whore, liar, ghost, harlet  
And it's sad to say that I still cry  
To the Bayside CD everyday Don't you know that  
Those songs are about you?  
Check tracks eight and nine  
Then call me back You ask me, "When is it over?"  
Over? This isn't over till I say it's over  
Back to square one, come on
