Tightrope

LP

Hold on, I know you're scared
But you're so close to heaven
Eyes shut tight
Just pretend you're like a featherFlew down the clouds together
But don't look down, not ever
Don't ask why
Just look out unto foreverAll this time
You're just tryin' not to lose it
You can always learn to fly
You never do until you do itUp high in the middle of nowhere
Don't know but you know when you get there
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowTake a chance we can dance up in mid-air
Feel so good, I could die, but I don't care
Walk slow and low on a tightrope
Hope it lasts but you know, you never know(You never know) we're just a step from fearless
Reach out for me my dearest, don't you cry
You don't know, you're almost near itAll this time
You're just tryin' not to lose it
You can always learn to fly
You never do until you do itUp high in the middle of nowhere
Don't know but you know when you get there
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowTake a chance we can dance up in mid-air
Feel so good, I could die, but I don't care
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowOh, you never know
You never knowOh, oh, you never know
You never knowUp high in the middle of nowhere
Don't know but you know when you get there
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowTake a chance we can dance up in mid-air
Feel so good, I could die, but I don't care
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowUp high in the middle of nowhere
Don't know but you know when you get there
Walk slow and low on a tightrope
Hope it lasts but you know, you never knowOh, you never know
You never knowOh, oh, you never know

You never know
