

# So He Begins To Lie

## Bloc Party.

The camera's watching  
He takes a breath  
Even though that they know  
That he knows  
That they're on to him  
He don't break a sweat, no  
Oh, it grows and grows and grows  
Inside of him  
There's nothing there  
There's nothing there  
All along he knows  
Those mirrors started to lie to him  
His reflection faded  
The crowd are waiting  
He takes the stage

Cross his heart, hand on heart, open heart  
That he's gone legit  
He was never there, no  
Oh, it grows and grows and grows  
Inside of him  
There's nothing there  
There's nothing there  
All along he knows  
Those mirrors started to lie to him  
His reflection faded  
As easy as closing his eyes  
So he begins to lie  
The camera's watching  
The camera's watching him lie
