

The Heat Of Heat (Club Heat Mix)

Patti Austin

In the heat of heat
The heat is so hot
My body takes control
In the heat of heat
The heat gets so hot
My passion overloads A lonely room until you walked in
Too positive to ignore
This sensual curiosity
Affecting me like no other has before I see your face and chills run up and down my legs
I hear your voice, my passion's pumpin' through my veins
I feel your touch, the heat is driving me insane
I lose control, I think I wanna love you
And I don't think I'll ever stop
No, I don't In the heat of heat
The heat is so hot
My body takes control
In the heat of heat
The heat gets so hot
My passion overloads You're touching me with hands of fire
Just comes naturally
I'm not easily hot, you just hit the spot
Nothing to prove, I know you've got a lot I see your face and chills run up and down my legs
I hear your voice, my passion's pumpin' through my veins
I feel your touch, the heat is driving me insane
I give in, I think I wanna love you
And I don't think I'll ever stop
No, I don't In the heat of heat
The heat is so hot
My body takes control
In the heat of heat
The heat gets so hot
My passion overloads (My passion overloads) In the heat of heat
The heat is so hot
My body takes control
In the heat of heat
The heat gets so hot
My passion overloads (Oh oh oh) And I don't think I'll ever stop
No, I don't
Is it love (In the heat of heat) {Heat of heat}

Or is it lust (In the heat of heat) {Heat of heat}
Ah ah ah ah (Ah ah ah ah) { Ah ah ah ah }
Don't think I'll ever stop I see your face, chills run up and down my legs, baby, yeah, ooh
I hear your voice, my body takes control
In the heat of the heat
I feel your touch, heat is driving me insane
Hoo hoo hey yeah ooh ooh
I lose control, I think I wanna love you, babe
Mmm mmm don't you know, the heat is so hot In the heat of heat
The heat is so hot (My body takes control)
My body takes control (In the heat of the heat)
In the heat of heat
The heat gets so hot (In the heat of the heat)
My passion overloads (My passion overloads) My body takes control in the heat of heat
The heat of heat (The heat of heat, the heat of heat)
