

# Into the Wall

## Texas Hippie Coalition

I just thought that I'd stop to warn you  
I couldn't stop it even if I wanted to  
I just thought that I'd stop to tell you  
I couldn't stop it even if I wanted to  
I know there'll be a few surprises  
And there will have to be some compromises  
And I know that we all have our vices  
But there's gonna be some sacrifices  
On and on and on and on and on and on  
It goes again  
Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
We go again  
pound and pound and pound and pound  
My head into the wall again  
On and on and on and on and on and on  
It goes again  
I Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
it goes again  
pound and pound and pound and pound  
My head into the wall again  
I just thought that I'd stop to warn you  
I couldn't stop it even if I wanted to  
I just thought that I'd stop to tell you  
I couldn't stop it even if I wanted to  
Of course there will be some devastation  
and in the end we will be a stronger nation  
And I know this is the dawn of ages  
But there's gonna be some fuckin' changes  
On and on and on and on and on and on  
It goes again  
Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
We go again  
I pound and pound and pound and pound

My head into the wall again  
pound  
On and on and on and on and on and on  
It goes again  
Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
it goes again  
I pound and pound and pound and pound  
My head into the wall again  
Don't cry for me don't cry my love  
Don't cry for me don't cry my love  
Don't cry for me don't cry... my love  
On and on and on and on and on and on  
It goes again  
Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
We go again  
I pound and pound and pound and pound  
My head into the wall again  
pound!  
On and on and on and on and on and on  
It goes again  
I Pound and pound and pound and pound  
My head into the wall again  
Around around around around around around  
it goes again  
I pound and pound and pound and pound  
My head into the wall again
