

# Trying To Love You

Beth Nielsen Chapman

I blew out all my plans  
The world fell in my hands  
The day that I began  
Trying to love you  
The secrets I have kept  
The nights I haven't slept  
I've laughed until I've wept Trying to love you  
Trying to love you... No one's come as close or gone so far  
Trying to love you... I've lost and found myself in who you are  
Trying to love you... So easy and so hard, trying to love you I've watched myself get stuck  
Squandered all my luck  
But I cannot give up Trying to love you  
Trying to love you... It broke my heart, it's chipped away my pride  
Trying to love you... Everytime I'd see that faultline slide  
Trying to love you... I've crossed the great divide trying to love you [Instrumental Break] Trying to love you...  
I've screamed your name, I've slammed a thousand doors  
Trying to love you... I've worn a million miles across the floor  
Trying to love you... Still I could not ignore trying to love you It's pulled the best from me  
For all the world to see  
And I will always be  
Trying to love you
