Advisory - the following lyrics contain explicit language:

You better be careful where you go  
Be careful where you go, be careful where you go  
Be careful where you goAhh, you'll never or you'll never grow  
You better be careful where you go  
The army's on way  
Ahh, you'll never or you'll never growThe army's on way how does it feel that way, feel that way  
The army's on way how does it feel that way, feel that way  
The army's on way ahh, you'll never or you'll never growYou better be careful where you go  
What am I supposed to do?  
What? Telling me ya'll feeling me  
Been livin' up in a material worldYa'll killing me, ya'll killing me  
Really, really, act so silly  
Til he hit 'em in the middle of the kidneys  
And he fall, all over a sinLetting it feel that way, feel that way  
Get yourself killed that way  
Victorious-ous-ous-ous  
And put him in cuffs, fucked him up, up, up, upAnd wake up, wake up, wake up  
By the caffeine and green and nicotine and a Ute Ferrari, aye  
Come around our way  
You always wanna partyYou gotta handle your business can I get a witness?  
Mmm, hmm, what part of the game is this?  
If we were in the islands, I would fry your whole tribe  
Sicilian style while add enough break wideAs I come back with the vibe  
And I throw up near side  
Grimy niggas I can feel ya  
I've been here the whole timeThe army's on way the army's on way  
Ahh, you'll never grow, the army's on way  
The army's on way ahh, you'll never grow, you'll never growThe army's on way ahh, you'll never grow  
Ahh, you'll never grow, the army's on way  
Ahh, you'll never grow ahh, you'll never growWhere your friends ain't your friends  
And your foes ain't your foes  
Where these niggas turning us bitches

And these bitches turn into hoes Where the women at?  
 Baby, I'ma getcha back, getcha back  
 Sit cha back, lick ya back, split ya back, picture that  
 If you don't know my story that's a more the reason to get the seasons I'm stressed but I'm still breathing  
 Cleveland, the city we come from redrum  
 And murda mo I can feel some  
 Dumb idiots, hideous, fiesty, insideous Some say I'm the prettiest thing  
 No need me rapping? Fuck that  
 Wind up just like a muskrat  
 Hut one, hut two, and bust back 'Cuz that's just how we do in fact  
 How do I feel me? Fuck that touch molest two  
 And what's that little lesion on me?  
 Jesus, why did I do that? You better be careful where you go  
 What am I supposed to do?  
 You better be careful what you do  
 What am I supposed to do? You better be careful who you use  
 What am I supposed to do?  
 You better be careful who you choose  
 What am I supposed to do? You better be careful where you go  
 What am I supposed to do?  
 You better be careful what you do  
 What am I supposed to do? You better be careful who you use  
 What am I supposed to do?  
 You better be careful who you choose

 Oh, no, let's walk and fuck 'em all  
 We can pull out all our guns  
 Or we can talk and help the cause Silent weapons watch your step, step

Squad hit your set yet? Ain't nobody snitching  
But I see one of your niggas is itching  
Soon as pinched 'em I connect he gonna tell 'em I'm gonna tell you, you gon' get that ass wet, wet, wet  
We talking about non-profit organizations  
Travel with the Lord all over the nation  
Unmasked situ, love and trust have some patience Keep the faith even if satan is face to face then keep hittin'  
Remember Joe before value of gold broke, but I know  
Whatever you facing keep on chasing, chasing  
Can't runaway you gotta face 'em, erase 'em  
Get to the finish get to the spinach and keep blazing You better be careful where you go  
You better be careful what you do  
You better be careful who you choose  
You better be careful who you use What am I supposed to do?  
What am I supposed to do?
