The Way It Goes

Jode Gannon

I was looking out my window as the birds flew by
Never felt like I was ever wasting any of your time
Then I had an idea run through my mind
I knew I had to go and do something with my life

So I packed my bags and headed for the city lights
I could hear the world screaming you can win this fight
Driving for miles and miles as the lights came up
I knew myself, this was gonna be tough

Chorus

But thats the way it goes, the way it goes
No one knows
But that's the way it goes
That's the way it goes, no one knows
That's the way it goes, the way it goes

So I went to my hotel and they couldnt find my name
I went for the sun, but was soaked in the rain
I'm stuck in this city, only myself to blame
Showing to much confidence and hiding all the pain

Bridge

I dont wanna leave this dream behind
Maybe i'm just losing my mind
Some people keep calling me crazy
But i'm doing what I want
But i'm doing what I want to...
