Sugar

The Janedear Girls

I'm like a kid at the candy shop, I see what I want but the door is locked
And you don't even know I'm lookin'
Over there hangin' with all your friends but you're gonna see me walkin' in
And this time you ain't gonna miss me
'Cause I'm comin', I'm comin' over
I'm gettin' closer, game over
Sugar, you're gonna want it
(Sugar)
You're gonna need it
Wait 'til you see how good this is
(Sugar)
You're gonna feel it
(Sugar)
You're gonna get it
Right there, smack-dab on your lips
Sweet little innocent, tiny taste of peppermint
You're the one I want, kind of kiss
I want, I want
I want sugar from you
Boy, I'm settin' my sights on you and you can bet by the time I'm through
You're not gonna know what hit ya
'Cause I'm comin', I'm comin' over
I'm gettin' closer, game over
Sugar, you're gonna want it
(Sugar)
You're gonna need it
Wait 'til you see how good this is

(Sugar)
You're gonna feel it
(Sugar)
You're gonna get it
Right there, smack-dab on your lips
Sweet little innocent, tiny taste of peppermint
You're the one I want, kind of kiss
I want, I want
I want sugar from you
You're gonna crave it, you can't resist it
You gotta have it, why don't ya taste it?

Sugar, you're gonna want it
(Sugar)
You're gonna need it
Wait 'til you see how good this is
(Sugar)
You're gonna feel it
(Sugar)
You're gonna get it
Right there, smack down on your lips
Sweet little innocent, tiny taste of peppermint
You're the one I want, kind of kiss
I want, I want
I want sugar
I want, I want
I want sugar from you
