

There's No Sympathy For The Dead

Escape the Fate

Oh my god, I have the remedy for love
I struck the glass
And broke the bones inside my fist,
But I'm OKI cannot change you,
You'll never change
I never would expect
To break this in the endSomething so profound,
Something you won't expect
Take this scripture like a picture
And wear it around your neck
The sky it opens up
Don't get swallowed by the flames
What's mine is yours
And yours is mine so take me awayYou hear the sounds, they're carried out
There's no sympathy for the dead
It swells and I, was never the same
There's no sympathy for the dead
We dance like zombies do
In the middle of the rainWe see the stones falling from the sky (on fire)
The blinding light beaming from your eyes (our desire)
Life has died, yet we're still alive and down below
A sea of damned crashing like a tidal waveI cannot change you,
You'll never change
I never would expect
To break this in the endI can't breathe
Wake up from this nightmare
That I'm in
Dive into a holy river
And wash away my sins
As I reach (sanctified)
The surface of the water now
I will breathe and burn out my eyesYou hear the sounds, they're carried out
There's no sympathy for the dead
It swells and I, was never the same
There's no sympathy for the dead
We dance like zombies do in the middle of the rainWe see the stones falling from the sky (on fire)
The blinding light beaming from your eyes (our desire)
Life has died, yet we're still alive and down below
A sea of damned crashing like a tidal waveSo take the medicines to quench the pain we have

And walk until the end, until you've reached the sand
A hundred thousand wings, soaring through the sky
At intense speeds, we can't catch with our eyes
You hear the sounds of a third carried out
Just wait (just wait)
You hesitate I have the remedy to this poisonous kiss
I struck the glass, it shatters bones in my fist...
