

I Live My Life For You

Firehouse

You know you're everything to me and I could never see
The two of us apart
And you know I give myself to you and no matter what you do
I promise you my heart
I've built my world around you and I want you to know
I need you like I've never needed anyone before
I live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for you
I dedicate my life to you, you know that I would die for you
But our love would last forever
And I will always be with you and there is nothing we can't do
As long as we're together
I just can't live without you and I want you to know
I need you like I've never needed anyone before
I live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for you
Oh, I've built my world around you and I want you to know
I need you like I've never needed anyone before
I live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for you, oh yeah
I live my life for you
