Temptation

Sasha Lazard

Temptations calling
Come dance with me, my crimson queen
The sirens singing to me
A song so dark, so sweet
I feel like Im lost in a dreamThe fevers raging in me
So strong, my flesh grows weak
Possessed by the beauty I seeIn all my life Ive never known
A world so shameless and bold
But now Im falling into the night, into desire
A slave to ecstasy, a slave to ecstasyThe night is calling to me
