

# Pull the Trigger

## Imminent Chaos

you try to break me with your violent words  
you know everything you do hurts  
you can never change my point of you  
I have to denied everything you doand I am waiting for the moment  
when I look into your eyes  
I pull the trigger  
I hear the gunshot  
I see your brain spread on the wall  
this is the last time that I see you  
you can't hurt me anymore  
the final solution to find my freedom  
to solve this problem  
now you're deadall the pain you're sowing comes back to you  
I know there's nothing you can do  
you can't escape my unstoppable hate  
don't turn around 'cause it's to late
