

# North Sea Girls

## Wussy

Today we gather werewolves  
And storm the castle door  
Stop along the chalky beach  
For ice-cream on the shore

Hair done up, makeup on,  
They dive into the water  
North sea girls girls, they go forth,  
Like it's summertime

We drive to the very edge,  
Until there's nothing more  
Watching all the swimmers  
Shed their coats among the shore

Hair done up, makeup on,  
They dive into the water  
North sea girls, they go forth,  
Like it's summertime

Catch a wave to Calais  
It's the newest sensation  
Just go in, just go in  
Like it's summertime

Hair done up, makeup on,  
They dive into the water  
North sea girls, they go forth,  
Like it's summertime

Catch a wave to Calais  
It's the newest sensation  
Let's go in, let's go in  
Like it's summertime
