

# Theme From "Family Guy"

## Family Guy

Lois: It seems today,  
That all you see,  
Is violence in movies,  
and sex on T.V.

Peter: But where are those good old fashion values....

All: On which we used to rely?!  
Lucky theres a family guy!  
Lucky theres a man who,  
positively can do,  
all the things that make us...

Stewie: laugh and cry!

All: He's a Fam-ily Guy!
