Dear friend, I know sometimes the world can get you down.
Just know I'll always be around to talk about it.
And even when the night seems darkest and hope is far away.
I'll be right beside you on that day.No matter where our lives take us, even if we end up different places,
I promise I'll always answer when you call.
And when you don't have a shoulder left cry on, I'll be the single thing you can rely on.
I promise i'll be there to catch your tears, as they fall.Dear friend i know sometimes that I have let you down.
Just know I'll always be around, I'm working on it.
And even when life seems the hardest and nothing feels okay, I'll be right beside you on that day.No matter where our lives take us, even if we end up different places.
I promise I'll always answer when you call.
And when you don't have a shoulder left to cry on, I'll be the single thing you can rely on.
I promise i'll be there to catch your tears, as they fallNo matter where our lives take us, even if we end up different places.
I promise I'll always answer when you call.
And when you don't have a shoulder left to cry on, I'll be the single thing you can rely on.
I promise i'll be there to catch your tears.
