Good Doctor

Robbie Williams

You alright star
No star
You alright star
No star
You alright star
No star
I don?t feel proper
I went to the doctor to get a prescription
I told him little fact and lots of fiction
About a bad back that I ain?t got
He tried to sell me faith healing I think not
I want Xanax, Vicadin and Oxycotton
Funky fill the form out so I can drop em?
I?ve got all these demons and I can?t stop em?
To tell you the truth Doc, I might have a problem
Robert Williams take one Adoral
With water in the morning
As if I?m goin? to take one tablet
I?m Keith Moon Dick head
He said this one?s to take you up
He said this one?s to take you down
When I take um I don?t feel sound
And I look rather round
You alright star
No star
You alright star
No star
You alright star
Five star
I don ?t feel proper
You know what Doc it's alright and all
I just heart me leg it's not terminal
But a pain killer could help for whats wrong with my knee
And I?m a little bit down from too much tea
Got me own collection can?t get an erection
If I take 'em too long they?ll fuck me complexion
That?s right If I take 'em for like more than a few days
I get that haunted look
Give me loads of pills

Give me loads of pills
Give me loads of pills
Give me loads of pills
He said this one?s to take you up
He said this one?s to take you down
When I take um I don?t feel sound
And I look rather round
You alright star
No star
You alright star
No star
You alright star
Five star
I don ?t feel proper
Now if you go to the barber shop long enough
Then you?re goina? get a hair cut
And if go to the doctors regular, then you gots to be a fuck up
Well ,I?ve got 5 or 6 if I?m at a loss
Do I have a history of drug abuse, well, I never tick that box
And I now that some of you are going to be really really cross
The drug?s don't work, prescription pills are boss
The glory days are gone and we?ve all stopped havin? it
No raves no more just bedside cabinet
Sleepers are great but don?t start dabbing it
The world carries on spinning we?re mad in it
He said this one?s to take you up
He said this one?s to take you down
When I take um I don?t feel sound
And I look rather round
You alright star
No star
You alright star
No star
You alright star
Five star
I don ?t feel proper
You alright star
No star
Are you five star?
No star
Are you alright star
Five star
I don ?t feel proper
Know what doc
It?s not like I?ve been doin? any research or anything

But if you can give me any of the following pills
I?d be very very greatful 'cos I feel poorly
So that?s Codeine, Morphine, Opium
Methadone, Menocrabedene, Hydroanoxycodeine
Anolodene, Buprenopheine, ButroPhenol
Adorel, Dorel, work with me antidepressants
But not Saint Johns Wort 'cos I can get that at boots
