

# They Call Me Cadillac

[Randy Houser](#)

I've been known to lay around all day  
Waitin' on that sun to go away  
Well that's when I'm up and slippin' on my boots  
And headed out that door to have a few  
CHORUS  
And then they call me Cadillac  
And when they do I holler back S  
ay c'mon now boys let's go  
Take a ride to the rodeo  
Load a carload of cowgirls  
I mean some really know-how girls  
In the saddle or bareback  
They call me Cadillac I've been known to giggle on a joke  
Mostly when I'm smokin' on my smoke  
And most folks know it's time for gettin' down  
When I reach back and turn this hat around  
REPEAT CHORUS Well these hot little country mamas they turn me  
on  
And I can hang there in that saddle all night long That's why they call me Cadillac  
And when they do I holler back  
Say c'mon now boys let's go  
And take a ride to the rodeo  
Load a carload of cowgirls  
I mean them really know-how girls  
In the saddle or bareback  
They call me Cadillac one ride and they're comin' back  
They call me Cadillac
