

# Neg

## Life of Agony

Sea shells raise hell to the soles of my feet  
Why don't you open your minds to the sweet? And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down Falling down deeper, down deeper within  
Love me and I'll love you, so make love to me And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down Falling down deeper, falling down deeper, deeper  
And there's only one way to fall  
Life's an illusion, lost in seclusion  
Life can be groovy, tasty to all And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down  
And I tripped and fell down
