

# Everything in the World

## Wanting

How many times you asked yourself before  
What's the point  
wasting time  
But how many times you stand up for yourself  
Make a point  
you have a reason  
You know  
it's not fair  
Your life  
belongs to nobody else  
So don't tell me there is nobody you want to hold  
You know you messed up but nobody can live alone  
So don't tell me there is nothing left in this world  
Just open your eyes  
you got everything in the world  
How many times you want to give up yourself  
Once again  
there's no point  
But how many times you kept on moving on  
Once again  
you have a reason  
You know  
it's not fair  
Your life  
belongs to nobody else  
So don't tell me there is nobody you want to hold  
You know you messed up but nobody can live alone  
So don't tell me there is nothing left in this world  
Just open your eyes  
you got everything in the world  
Does it make you wonder?  
Is it karma or is it fate  
Is it you  
or is it me  
Oh does it really make you falter  
Does it make you want to believe?  
It is true  
you're like nobody else  
So don't tell me there is nobody you want to hold

You know you messed up but nobody can live alone  
So don't tell me there is nothing left in this world  
Just open your eyes  
you got everything in the world  
Just open your eyes  
you got everything in the world  
I open my eyes and have you in my world
