

Hello Hello I'm Back Again

Gary Glitter

Hello, hello
It's good to be back, it's good to be back
Hello, hello
It's good to be back, it's good to be backHello, hello
It's good to be back, it's good to be back
Hello, hello, helloDid you miss me while I was away?
Did you hang my picture on your wall?
And did you miss me every single day?
Although you couldn't kiss me at all?And did you love me like a good little girl?
And did you tell that naughty boy not to call?
And did you love me in your little world?
Although you couldn't see me at all?
Although you couldn't see me at all?Hello, hello
It's good to be back, it's good to be back
Hello, hello, helloAnd did you miss me while I was gone?
And did you hug your pillow in your bed?
And did you kiss me all night long?
And treasure every word that I said?And did you want me to come back again?
And did you know I've been so far away?
And did you want me, did you tell all your friends?
To think about me every day?
To think about me every day?Hello, hello
It's good to be back, it's good to be back
Hello, hello, helloHello, hello, I'm back again
I'm back, I'm back, I'm on the right track
Hello, hello, tell all of your friends
I'm back, I'm back as a matter of fact
As a matter of fact, I'm backDid you miss me while I was away?
Did you hang my picture on your wall?
And did you miss me every single day?
Although you couldn't kiss me at all?
Although you couldn't kiss me at all?Hello, hello
It's good to be back, it's good to be back
Hello, hello
It's good to be back, it's good to be backHello, hello
It's good to be back, it's good to be back
Hello, hello!
It's good to be back, it's good to be backGoodness graciousHello, hello
It's good to be back, it's good to be back

Hello, hello
It's good to be back, it's good to be backHello, hello
It's good to be back, it's good to be back
Hello, hello
It's good to be back, it's good to be backHello, hello
It's good to be back, it's good to be back
Hello, hello
