

# Lately

Sean Paul

From weh day, me friend dem ah ask me  
If dolly house mash up, mi a seh baby  
Things nuh right, right now, you nuh see it  
So mek we talk Well, I don't know why we must fight  
Lately baby things ain't right  
I just wanna hold you so tight  
Freak you girl until morning light You waan know why I drink so much  
All these late nights in these clubs  
It's 'cause I miss your tender touch  
Baby girl, we should be making love Of lately baby you and me been moving crazy  
But you're my world, my girl your love has saved me  
No other love, no other girl, no other lady  
Could take the place of you my boo, dawg, don't forsake me Baby girl, don't you know that I'm the one that  
Give you my love? Just because you caught my heart, you won that  
Girl you know that I'm the only one you want pon that  
Don't you give away my love, girl Well, I don't know why we must fight  
Lately baby things ain't right  
I just wanna hold you so tight  
Freak you girl until morning light You waan know why I drink so much  
All these late nights in these clubs  
It's 'cause I miss your tender touch  
Baby girl, we should be making love It get so bad that you and me no longer floss  
No watch no flick, no make, no flex, so baby what's the cost?  
Girl without you in my life, I'd be very lost  
Go ahead argue with me, I will make it pass Girl you know seh we connect, your feelings can't mask  
See it write up on your face  
You know we must last, we gonna make it  
Right now you cannot take it  
You callin' me a jerk but, baby girl, you are my hot sauce Well, I don't know why we must fight  
Lately baby things ain't right  
I just wanna hold you so tight  
Freak you girl until morning light You waan know why I drink so much  
All these late nights in these clubs  
It's 'cause I miss your tender touch  
Baby girl, we should be making love Girl when I think about it the years that we devoted  
Have been the best of my life I don't know what I'd do without it  
Sometimes the liquor may cloud it but girl no bother doubt it  
And if there's still a doubt up inna your brain then just de load it I tell you baby girl upon the search, true love  
we found it

And up the river of life together girl we gonna flood it  
You know your daddy's home, I'm the king, you're the queen  
Pon di throne together we sit we nah go crowd it Well, I don't know why we must fight  
Lately baby things ain't right  
I just wanna hold you so tight  
Freak you girl until morning light You waan know why I drink so much  
All these late nights in these clubs  
It's 'cause I miss your tender touch  
Baby girl, we should be making love I don't know why we must fight  
Lately baby things ain't right  
You're so tight mornin light
