

You Know

Athlete

You are loved and you know you are
Yeah, you know you know you know you are
And you know you know you know you are You'll endure and you know you will
Yeah, you know you know you know you will
And you know you know you know you will But you can't count it on your fingers 'cos there's more than you
think
You can't use your head to figure 'cos there's much too much
For our little minds to deal with, so let's get it up You will reap and you know you will
Yeah, you know you know you know you will
And you know you know you know you will But please don't ever try to
Count it on your fingers 'cos there's more than you think
You can't use your head to figure 'cos there's much too much
For our little minds to deal with, so let's get it up But you can't count it on your fingers
'Cos there's more than you think
You can't use your head to figure
(Just try)
'Cos there's much too much
(Yes, yeah)
Yeah, for our little minds to deal with, so let's get it up One two three
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody Give it up, lift your hands, everybody everybody
Give it up, lift your hands, everybody
Give it up, lift your hands, everybody
