

Stuck (Various Productions Remix)

[Lauren Pritchard](#)

Do you look forward to me coming home?

Do I make it better?

I know when I'm travelling on the bus think of you sweet like dinner

I don't mind all those dopey looks we get cos we stay together And everybody seems to think there's so much to see, but I think those same people must be jealous of me 'Cause if I'm stuck

Then at least I'm stuck with you

(Don't you know, don't you know)

That if you're holding on to me

Then you beta you it through

'Cause you know, cos you know) All of my friends tryna where me down

But they're just plain vanilla

You know that I almost bowed in for once

But that was gone and finished

And I don't see you

Like they see their men

They only see saints or sinners And everybody seems to think its from duty free, but you can keep your freedom

'Cause I got what I need 'Cause if I'm stuck Then at least I'm stuck with you

(Don't you know, don't you know)

That if you're holding on to me

Then you beta you it through

('Cause you know, cos you know) You should know I think about it

Hear me out before you doubt it

Ain't ya get your book of rules

But I'm still more free then you

When ya gonna open up and see

Yeah

If I'm stuck with you

Yeah 'Cause if I'm stuck

Then at least I'm stuck with you

(Don't you know, don't you know)

That if you're holding on to me

Then you beta you it through

('Cause you know, cos you know)

('Cause you know, cos you know)
