

Drowning

Scary Kids Scaring Kids

Stand up, you know you have the right too
Speak up, for the things that you believe
As we lift off, they will stab you in the back over again
Take your integrity How long will you let this go on?
They're drowning you in fear Speak up, your voice just isn't breaking through
It's time now, it's gone on way too long
As we lift off, they will tear you into little pieces
I think there is something wrong How long will you let this go on?
They're drowning you in fear
You're letting your hopes go straight to hell
And I know the end is near, is near The time will come, the time will come
The time will come
You will be sorry for what you've done
The time will come How long will you let this go on?
They're drowning you in fear
You're letting your hopes go straight to hell
And I know the end is near, is near You say you're sorry
For what it's worth
