

# Heartbreak Sandwich

## Weston

You gave me a heartbreak sandwich  
When you went to college  
You just picked up and left  
To learn about the environment  
I wanna forget you  
Didn't wanna let you  
leave town without telling me  
were something you'll rememberAnd it all fell down  
When I didn't call you up  
I hope that we can spend some honest time  
If you come homeI know I gave you  
A dirt sandwich  
When you needed to cry  
And i wanted to kiss  
The picture we ended up painting  
Was of a plate and half eaten sandwich  
meaning we always took what we wanted  
and left the restAnd it all fell down  
When I didn't call you up  
I hope that we can spend some honest time  
If you come homeI don't wanna forget you  
But I'm gonna let you  
Go on with your life  
While i trudge through mineI don't wanna forget you  
But I'm gonna let you  
Go on with your life  
While I trudge through mine
