

God's Green Earth (Album Version)

Tracy Lawrence

I shook off the blame and said some things
When I should have bit my tongue
My foolish pride made the knot we tied come undone
I've got more regrets then blades of grass
That covers up this dirt
On this big old ball we all call
God's Green Earth(Chorus)
Oh,your memory has colored me lonely tonight
My eyes are red from the tears I have cried
I'm heartbroke and blue sittin'
On a world of hurt
Down here on God's Green EarthHey, it's a fact if you don't come back
Can't live without your love
I'll do anything for another drink
From that cup
Withough you, girl it's true
I got a powerful thirst
That can't be drowned by all the water found
On God's Green Earth(Repeat Chorus 2x)
(Tag)
I'm heartbroke and blue sittin'
On a world of hurt
Down here on God's Green Earth
