

Do Anything You Say

David Bowie

Two by two, they go walking by
Hand in hand, they watch me cry
[two by two, hand in hand] Lonely nights, I dream you're there
Morning sun and you're gone
[lonely nights, morning sun][maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything One desire I ask of you
Please be mine, please be mine
[one desire, please be mine] Thousand years and I'll return
You'll be mine, you'll be mine
[thousand years, you'll be mine][maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything Two by two they're walking by
Hand in hand, they watch me cry
[two by two, hand in hand][maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything [maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything you say
