

Undercover Angel

Alan O'Day

Yeah yeah

Cryin' on my pillow
Lonely in my bed
Then I heard a voice beside me
And she softly said
"Thunder is your night light
"Magic is your dream"
And as I held her
She said, "See what I mean?"

I said "Whaaaat?"
She said "Ooo-ooo-ooo-wee"
I said "All right!"
She said "Love me, love me, love me"

Undercover angel
Midnight fantasy
I never had a dream that made sweet love to me
Undercover angel
The answer to my prayer
You made me know that there's a love for me out there

(Somewhere)
Yeah, somewhere

Heavenly surrender
Sweet afterglow
Undercover)
Givin' up my heart to you
Now, angel, don't go
She said, "Go find the right one
"Love her and then
"When you look into her eyes
"You'll see me again"

I said "Whaaaat?"
She said "Ooo-ooo-ooo-wee"
I said "All right!"

She said "Love me, love me, love me"

Undercover angel
Midnight fantasy

I never had a dream that made sweet love to me

Undercover angel

The answer to my prayer

You made me know that there's a love for me out there

(Somewhere)
Oh, somewhere

Now you know my story

And girl, if it's right

I'm gonna take you in my arms

And love you tonight

Underneath the covers

The answer lies

Lookin' for my angel

In your sweet lovin' eyes

She said, "Whaaat?"

I said, "Ooo-oo-oo-wee"

She said, "All right!"

I said, "Love me, love me, love me"

She said, "Whaaat?"

I said, "Ooo-oo-oo-wee"

She said, "All right!"

I said, "Love me, love me, love me"

Undercover angel

Midnight fantasy

I never had a dream that made sweet love to me

Undercover angel

The answer to my prayer

Love me, love me, love me

Undercover angel

Midnight fantasy

I never had a dream that made sweet love to me

Undercover angel

The answer to my prayer

You made me know that there's a love for me out there
