

One Woman

Kenny Loggins

There've been hard times all around me
I just can't seem to see the light of day.

I need one chance to get away
Before the darkness falls upon me.

I need someone to comfort me
When I can't deal with the pain
Somebody to stand by me. CHORUS

I need one woman
With the same soul as my own.

I need one woman
We can find our way back home.
If I lose my mind, who will find it?
If I draw a line, I'm gonna cross it today.
There must be one place my spirit's free

If my soul could only find it.
I'm alone in a cold dark place
But there's light on the other side.
Just wait 'till I get my self free, I'll find me CHORUS 2

One woman
With the same soul as my own.

I need one woman.
No I can't do this alone.

I need one woman
With the same soul as my own.
Give me one woman
We can find our way back home.

Turn around
Take a step and turn around.
Turn around
Move ahead and turn around.
It's never too late to turn around.
Don't wanna wait no longer for
