

# Time to Grow

## Lemar

Last night I tried but I couldn't sleep  
(Un mauvais jour qui se l'Ãve)  
I was lonely and I needed you next to me  
(Quand la vie n'a plus de rÃves)  
I never meant to do you wrong  
(Et c'est la fin qui rÃsonne)  
I hope you won't be gone too long, noWhere do I go (J'ai plus de mots)  
What do I do (J'ai plus le goÃt)  
I can't deny I still feel something  
And girl, I wish (Et je sais que tu le sais)  
You've broken the bond (MÃme si je t'aime)  
I gotta move on (MÃme si je sais)  
But how do I end this lonely feeling?  
You've gone (Je pars)  
I'm here (Ailleurs)  
Alone  
I guess it's time to grow.Ce qui arrive, notre histoire restera inachevÃe  
(Like you never knew I was there)  
Tu te bats non seulement je prÃfÃre m'en aller  
(Can we make love re-appear?)  
Tes larmes ne vont plus rien changer  
(And now all is said and done)  
Il faudra nous reconstruire et apprendre Ã aimerWhere do I go (J'ai plus de mots)  
What do I do (J'ai plus le goÃt)  
I can't deny I still feel something (De rester jusqu'au bout)  
And girl, I wish (Et je sais que tu le sais)  
You feel the same  
You've broken the bond (Si je t'aime)  
I gotta move on (Si je sais)  
But how do I end this lonely feeling?  
You've gone (Je pars)  
I'm here (Ailleurs)  
Alone  
I guess it's time to grow.Crying time is over  
Gardons de nous le meilleur  
Feelings if she won't return,  
Then I guess I'll be a man and move onTime to grow (and move on)  
(Make life better than it was before) I think I can make it  
(And move on, make life better than it was before) I'll movie on

Ne me retiens pas je pars  
Time to grow (And move on, make life better than it was before)  
Je t'aime bien plus que tu crois)  
Though you've gone  
Je pars  
I know  
I guess it's time to grow.
