Murder

Kmfdm

Break it, stop, open your eyes
Realize you're blind
And the truth will keep away the devil, man
Come on, we can melt you know
With every [Incomprehensible] you [Incomprehensible]You're a sinner, I'm a sinner
You can repent, you're true [Incomprehensible]
Get deeper on me, man
The devil is about to get you
Just realize it and take it out of your headLike this, like this, boom, getting ill instead
This is reality man, why can't man be true?
Why can't we let the people be free?
Leave them in peace manPeace, I'm with it
Love, I'm with it
Peace, I'm with it
Love, I'm with itMurder and you don't stop
Murder and you don't stop
Murder and you don't stop
Murder and you won't stopMurder and you don't stop
Murder and you don't stop
Murder and you don't stop
Murder and you won't stopLittle bit more better, not always blind man
We don't always have one god on the TV
Or with [Incomprehensible]
It's haunting, yo we're getting hot every time
Hearing this manThis bit, Jews and they don't stop
Christians and they won't stop
Muslims and they don't stop
Murder and they won't stopWorld and they won't stop
Europe and they won't stop
Africa and they won't stop
Jimmy G never, never talk aboutIt's no need to laugh about this situation at all
Yo let's all come together
And talk about this problem and solve itLet's go
