Let Me Go

[Kimberly Cole](#)

You say I'm not worthy
You say I'm not good enough
Why you tryin' to hurt me?
You say I don't measure up
Can't you see that I'm starving
Stand by and watch me wasting away
Keeping your part in
These old wounds don't heal
Love me or Let me go,
Destroy me, or make whole
Is as simple as that
You either do or you don't
Take me forever or leave me alone
Just love me or Let me go
OR LET ME GO!
Caught in the middle of something I can't explain
This where it ends now,
Between a rock and hurricane
Can't you see that I'm starving
Stand by and watch me wasting away
Keeping your part in
These old wounds don't heal!
Love me or Let me go,
Destroy me, or make whole
Is as simple as that
You either do or you don't
Take me forever or leave me alone!
Just love me or Let me go
OR LET ME GO!
The highs and the lows,
To best and to worst
That's what you gave me
All that is left appointment to field
But deepest of ending
love me or Let me go
love me or Let me go
love me or Let me go
Said I don't wanna hurt no more
love me or Let me go

love me or Let me go
love me or Let me go
love me or Let me go
I don't wanna hurt no more!
Love me or Let me go,
Destroy me, or make whole
Is as simple as that
You either do or you don't
Take me forever or leave me alone!
Just love me or Let me go
OR LET ME GO!
