

Scream

Chris Cornell

I take a minute to tell you right
And you can say what you want
And turn around every night
Somehow you're always going off Doesn't matter what I done
Or if I even crossed the line
You start to holler, going for blood
Girl, it doesn't have to be a fight Throwing out the blame when you know it ain't my fault
Messing with my brain when you wanna see me fall
There may come a time when I don't bother you at all
It isn't my call, it isn't my call Hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head? There's no need to scream, baby
I'm standing right in front of your face
Why? I know sometimes we don't get along
So Chris sing the second verse to her, like this Take a minute to tell you now
And I don't have to raise my tone
Take the level and bring it down
I just want you to know I got no trouble with what you said
I don't even think you're wrong
It's how you say it, you lose your head
Girl, I'm standing right in front of you Throwing out the blame when you know it ain't my fault
Messing with my brain when you wanna see me fall
There may come a time when I don't bother you at all
It isn't my call, it isn't my call Hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head? Silence is golden
I used to think that silence was golden
Silence is golden
I used to think that silence was golden Silence is golden
I used to think that silence was golden
Silence is golden
I used to think that silence was golden Hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head?
I said hey, why you keep screaming at the top of your head? Silence is golden
I used to think that silence was golden
Silence is golden

I used to think that silence was golden
