

# Hangnail

[James Taylor](#)

Note: hidden track. Oh money, oh money, oh where have you gone?  
I need me some money to have me some fun  
Gonna pick up my guitar and write me some hits  
Build me some houses and blow 'em to bits  
Gonna furnish them boldly with style and with taste  
Generate truckloads of solid waste Hangnail, hangnail, hangnail, hangnail  
Have you ever seen a man with a hangnail?  
Hangnail, hangnail, hangnail Oh money, oh money, oh where have you gone?  
I need me some money to have me some fun  
Gonna pick up my guitar and write me some hits Hangnail, hangnail, hangnail, hangnail  
Have you ever seen a man with a hangnail?  
Hangnail, hangnail, hangnail Oh money, oh money, oh where have you gone?
