

# Make Some Noise

## Beastie Boys

Yes, here we go again, give you more, nothing lesser  
Back on the mic is the anti-depresser  
Ad-Rock, no pressure, yes we need this  
The best is yet to come and yes, believe this Leggo my Eggo while I flex my ego  
Sip on prosecco dressed up tuxedo  
Sipping coffee, playing keno in the casino  
Want a lucky number? Ask Mike Dino I burn the competition like a flame thrower  
My rhymes age like wine as I get older  
I'm getting bolder, competition is waning  
I got the feeling and I'm single laning We got a party on the left, a party on the right  
We gonna party for the motherfucking right to fight  
Make some noise if you're with me  
Make some noise if you're with me Armed as erection, popular election  
Getting paid every year like tax collection  
Hear my perfection, rotary connection  
Taking MC's down by lethal rap injection I'm like an ornithologist when I get pissed  
You must have drank a fizzy liquor drink and you got lifted  
And sifted, I'm just whiffin'  
When I catch MC's, it's time for wing clipping I fly like a hawk or better yet, an eagle, a seagull  
I sniff suckers out like a beagle  
My ego is off and running and gone  
'Cause I'm about the best and if you diss then that's wrong We got a party on the left, a party on the right  
We gonna party for the motherfucking right to fight  
Make some noise if you're with me  
Make some noise if you're with me Pass me the scalpel, I'll make an incision  
I'll cut off the part of your brain that does the bitching  
Put it in formaldehyde and put it on the shelf  
And you can show it to your friends and say that's my old self Can do me nothing, can't tell me nada  
Don't quote me now because I'm doing the Lambada  
The forbidden dance, here's my chance  
To make romance in my b-boy stance Parlay romancing into financing  
Opened up a restaurant with Ted Danson  
The roaches check in but they never check out  
I set the record straight, no doubt We got a  
We got a party on the left, a party on the right  
We gonna party for the motherfucking right to fight  
Make some noise if you're with me  
Make some noise if you're with me  
Make some noise if you're with me
