Information First

Zoot Woman

World games
On the screen
All eyes on line
Preset fantasy
No more romance

Talking
Watching
Modern expression
Closer we'll find

Only know you could be beautiful
We're so near apart
Touch your TV feeling just the same
You're my information first

K.C. ask me why
Pass me by
No emotion calls
Anonymous love

Talking
Watching
Modern expression
Closer we'll find

Only know you could be beautiful
We're so near apart
Touch your TV feeling just the same
You're my information first

Only know you could be beautiful
We're so near apart
Touch your TV feeling just the same
You're my information first

Talking
Watching
Modern expression

Closer we'll find

Only know you could be beautiful
We're so near apart
Touch your TV feeling just the same
You're my information first

Only know you could be beautiful
Only know you could be beautiful
