

Color Me In

Yip Deceiver

It's so much that I don't mind
So color me from outside in
See I don't know, I don't know
I'm calling you wherever you go
I'll follow you wherever you go
Falling, fall in, come here and falsely remember before
Did I support, completely, that they could reach your nest?
Show me I was wrong and I'll follow you wherever you go
