Right Now

Michel Reis

The last time I spoke to her
She couldn't talk to me
The script that she read was very strange
But who did she see?
A few lines from a bad dream
A frozen memory
Darkness remains the fate
Of such illusion can't you wait?
I said, "Now can't you wait?"
On what can be
Who was it mold?
The girl that I once knew
Such a carefully chosen pose
What will the emptiness do?
One of my best friends took her down
With his games for sure

Hearts made of stone
Cannot break again
I hope he understands
I hope he is secure
Old fashioned feelings
A new way of dealing
With love I see
These times were meant for me
No, no, no, no, no
The past isn't anymore
The future only has in store
And round and round and round it goes
And where it stops nobody knows
As far as I can tell
The only game in town
Is a going down
And only happening right now
