Salem's Interlude

Khalid

I think I'm fearful of things like traveling
I'm fearful of failure
I'm fearful of being embarrassed
Things like that I think hinder me from doing the best that I can sometimes
But I think that if I learn to be less fearful
I would get furtherI feel like I'm not always
In the correct direction
Even though I know I'm on the right path
I'm like "I'm on the right path"
But am I walking the right way or should I be turning around?
Like little things like that that I go back and forth about in my head
And I think it's always nice to have reassuranceI think it's really nice to see how far being a genuine person can get you
For me at least, like I think that's the reason that I am where I am
I think that I am a big mix of all the people around me
And I'm just happy
I can't complain about anything
Oh yeah
That I'm trying to get so motherfucking high, nigga
I don't wanna feel nothing
Wait, what?
