

# Heavy Doctor

## Thee Oh Sees

They got us high  
With only water  
Strung out on news  
A heavy doctor  
Clean out my eyes  
Sick as I oughta  
Poured in my mind  
These opened coffers

Reeling from the stink of factories  
Alive but mighty sick I am to be

Witness the eye  
That's all they want to see  
The skull, the smile  
A cloud of sulfur  
Wickedly seized  
That's how the lovers died  
It's just a breeze  
Upon a blood-rich sea
