

Silence Is A Scary Sound (Dougie Poynter)

McFly

I look into the sky
And I have to ask why
She'd go and leave me?
Oh why do feelings have to die?
Is it all just a sign
Of what is meant to be? Well, I'm just too excited
The end of this can be sighted
She's overdue for a breakout
I better go, she blows my brains out
Silence is a scary sound Funny feeling happened today
Somewhere buried in the past
It didn't mean much, that much anyway
I know that love would never last I'm torn up inside
There's a hole in my mind
And you're not next to me
So I hope you choke and die
On every single lie
Look at what you've done to me Well, I'm just too excited
The end of this can be sighted
She's overdue for a breakout
I better go, she blows my brains out
Silence is a scary sound Funny feeling happened today
Somewhere buried in the past
It didn't mean much, that much anyway
I know that love would never last Well, I'm just too excited
The end of this can be sighted
She's overdue for a breakout
I better go, she blows my brains out
Silence is a scary sound Funny feeling happened today
Somewhere buried in the past
It didn't mean much, that much anyway
I know that love would never last This funny feeling happened today
Somewhere buried in the past
It didn't mean much that much anyway
I know that love would never last
