

Until You're Big Enough

Mayday Parade

Troubled youth, got the blues
Take a walk in those shoes and see how they fit for awhile
I can bend, it's all pretend
It's just fake until you mean it and one day you'll mean it for real
Here's to new beginnings and starting over
When you hope all's forgiven it's best not to ask for awhile
I believe some can see how to strike when it's red hot, crumble the castle walls
If I bite the would you tell me
I'm wrong,
You speak like a man who believes he's got no destiny, he's content
A trouble so great that you shouldn't have gone through,
With a clarity I've never seen
I will build you up, until you're big enough to take me out
I told you we'd see it through, you don't
Believe me that's the part that kills me
promise me, promise me you'll wait
If I bite the hook, would you tell me I'm wrong,
You speak like a man who believes he's got no destiny, he's content
A trouble so great that you shouldn't have gone through,
With the clarity I've never seen
I will build you up, until you're big enough to pick me up
