Bad Weather

Avery Brady

Love is bitter sweet like a fine day turned into suffering
Each day a little rain?s gonna fall
Building up like a thunderstorm
Why can?t I pretend that it?s all cool?
Don?t wanna lose you
I might just close my eyes and
Sit tight, hope for the best
I can feel it comin?, I can feel it comin?
And I know there?s gonna be bad weather
I can feel it movin?, I can feel it movin?
Now I?m walking in bad, bad weather
How can something so bad feel so good?
I can feel it comin?, I can feel it movin?
I don?t like my chances without you
I can feel it comin? bad weather
Love is always easy to hold but harder to keep, oh
No use giving up when I?ve come this far, I?m in deep so
Why can?t we pretend that it?s all cool?
Don?t wanna lose you this cold burns through my skin
But I just can?t give in
I can feel it comin?, I can feel it comin?
And I know there?s gonna be bad weather
I can feel it movin?, I can feel it movin?
Now I?m walking in bad, bad weather
How can something so bad feel so good?
I can feel it comin?, I can feel it movin?
I don?t like my chances without you
I can feel it comin? bad weather

I might just close my eyes
So sad, I know
(With you)
This cold burns through my skin
I can?t let go
I can feel it comin?, I can feel it comin?
And I know there?s gonna be bad weather
I can feel it movin?, I can feel it movin?
Now I?m walking in bad, bad weather
I can feel it comin?, I can feel it comin?

And I know there?s gonna be bad weather
I can feel it movin?, I can feel it movin?
Now I?m walking in bad, bad weather
How can something so bad feel so good?
I can feel it comin?, I can feel it movin?
I don?t like my chances without you
I can feel it comin? bad weather
I can feel it comin?, I can feel it comin?
I can feel it comin?, I can feel it movin?
Movin'
I can feel it comin?, I can feel it comin?
Oh, yeah
I can feel it comin?, I can feel it movin?
Movin'
I can feel it comin?, I can feel it comin?
I can feel it comin? bad weather
