State of Mind

Colby O'Donis

I could see the stars
I could see us together
Can you read my mindIt's so obvious
We're two birds of a feather
I think that's a signYou gotta leave the past behind
It's all about your state of mind
You'll never know until you try
It's all about (about, about, about, about)
Your state of mindOoohhhh oh wooo aaaahhhh ahhh ahhh
Ooohhhh oh wooo aaaahhhh ahhh ahhh1-2-3-4All around the world people search for the other
The other half that makes them whole
But they may never find what we found
In each other
That's what makes us gold (gold, gold, gold, gold)You gotta leave the past behind
It's all about your state of mind
You'll never know until you try
It's all about (about, about, about, about)
Your state of mind1-2-3-4Ooohhhh oh wooo aaaahhhh ahhh ahhh
Ooohhhh oh wooo aaaahhhh ahhh ahhh1-2-3-4
