

# Heaven (Re-Recorded)

## Warrant

Got a picture of your house and you're standing by the door  
It's black and white and faded and it's looking pretty worn  
I see the factory that I worked silhouetted in the back  
The memories are gray but, man, they're really coming back  
I don't need to be the king of the world  
As long as I'm the hero of this little girl Heaven isn't too far away  
Closer to it every day  
No matter what your friends might say, we will find our way  
How I love the way you move and the sparkle in  
your eyes  
There's a color deep inside them like a blue suburban sky  
When I come home late at night and you're in bed asleep  
I wrap my arms around you so I can feel you breath  
I don't need to be a superman  
As long as you will always be my biggest fan Heaven isn't too far away  
Closer to it every day  
No matter what your friends might say  
We'll find our way yeah Now the lights are going out, along the boulevard  
Memories come rushing back and it makes it pretty hard  
I've got nowhere left to go, no one really cares  
I don't know what to do but I'm never giving up on you Heaven isn't too far away  
Closer to it every day  
No matter what your friends might say, yeah Find our way  
Heaven, far away  
Heaven, far away  
Heaven, isn't too far away  
Is not far away  
Is not too far way  
Is not too far way  
Is not too far
