

# Guns and Dynamite

## The Novatones

Popped out for one last night  
She had me dancing till the morning light

Hey

Completely off her head  
Letâ€™s make this night hard is all that she said

Hey

I met this girl the other night  
Sheâ€™s into Guns & Dynamite

Hey

She sat for one more drink  
Smashed her tits in glasses on the street

Hey

Picks a fight with anyone  
Sheâ€™s never cared of anything sheâ€™s done

Hey

I met this girl the other night  
Sheâ€™s into Guns & Dynamite
