

# Call On Jah

## Burning Spear

Call on Jah, call on Jah, call on Jah, call on Jah  
Said, I need a little help but it can be embarrassment  
I said, I need a little help but it can be embarrassment  
Call on Jah, call on Jah  
Jah never says no, Jah never says no I said, I need a little help but it can be embarrassment  
I said, I need a little help but it can be embarrassment  
Call on Jah, call on Jah  
Jah never says no, Jah never says no Everyone, everyone looking out for their own  
Everyone, everyone looking out for their own  
Here I stand alone  
Here I stand alone Need a little help, need a little help  
Need a little, need a little  
Need a little, need a little  
Need a little help Help me, oh Jah, oh Jah, help me  
I said, I need a little help but it can be embarrassment  
I said, I need a little help but it can be embarrassment  
Call on Jah, call on Jah  
Jah never says no, Jah never says no Jah never says no  
Jah never says no  
Call on Jah, call on Jah Call on Jah, call on Jah
