

# Guest

## Jean Tonique

I know I don't want to be sure all the eyes are on me  
I know I don't want to be sure all the lights on, I can't breathe  
I know I don't want to be sure all the eyes are on me  
I know I don't want to be sure all the lights on, I can't breathe  
Don't leave that I came, okay?  
and I, although that I meet right in  
oh where I didn't want to go  
and I, I'm sure I'm ready to be a guest  
I won't leave a home sometime  
I want to be home right now  
I know I don't want to be sure all the eyes are on me  
I know I don't want to be sure all the lights on, I can't breathe  
Don't leave that I came, okay?  
and I, although that I meet right in  
oh where I didn't want to go  
and I, I'm sure I'm ready to be a guest
